

Something's wrong, someone's gonna pay  
The innocent are getting blown away  
Months ago a peaceful scene  
We bought the kids some ice-cream

While the bombs are dropping on our friends - Belgrade  
Wondering where it all is gonna end - Belgrade  
Better stop now before it's too late - Belgrade  
People pay for the government mistakes - Belgrade  
Belgrade

a welcome like you wouldn't believe  
brand new friends and "chivalry"  
smuggling talks with a gangsta chief  
made the gig by the skin of our teeth

While the bombs are dropping on our friends - Belgrade  
Wondering where it all is gonna end - Belgrade  
Better stop now before it's too late - Belgrade  
People pay for the government mistakes - Belgrade  
Belgrade

Waiting on the steps for the latest news  
Frantic calls and interviews  
I watched TV with real concern  
And one day we will return

While the bombs are dropping on our friends - Belgrade  
Wondering where it all is gonna end - Belgrade  
Better stop now before it's too late - Belgrade  
People pay for the government mistakes - Belgrade Belgrade
