

Devils Work

Gehenna

Made of a thousand lies
Spreading your christian filth
Praying to a god that has died
In hell you live your life
Engulfed by darkness
The devils work is done
Things are the same as always
The christian pig never won
End the pain
End this life
End the pain
End this life
Made of a thousand lies
You believe in paradise
Engulfed by darkness
The devil's work is done
Things are the same as always
The christian pig never won
End the pain
God will never live again
End the pain
End this life
End the pain
End this life
