

## Cause We're a Street Metal Band

Gehennah

Losers always ask: why do you got to be so rude?  
Why have you got such a bad attitude?  
How come you're drunk in the early afternoon?  
How come your gigs are always out of tune?

Chorus:

Cause we're a street metal band, you poser  
Live life like a fucking bulldozer  
Yeah, we're a street metal band, pretty boy  
Put on this Earth to destroy

Why do you smell like filthy hounds?  
How come you never clean up your sound?  
How can it be that you're still around?  
When you should all be six feet underground

Why do you always lie, steal and cheat?  
How come you suck but still claim you're the elite?  
How can you live in such deprivation?  
How come you leave a trail of pure devastation?
