

Gehennah Will Destroy Your Life

Gehennah

Do you wanna take the step, do you wanna cross that line?
Do you wanna show the losers that you have a spine?
Join us on our journey, follow in our trail
Won't slow down until we are all dead or in jail

It's a one way ticket to self destruction
Future plans smashed beyond reconstruction
Get ready to live your days like a swine
Bad booze, bad women, bad drugs, bad wine
Gehenna will destroy your life

There ain't no return once the die is cast
We're going downhill and going fucking fast
Ain't got no goal beyond another bender
Ain't got no friends but the public defender
