

# Unholy & Unpleasant

Gehennah

We're the ones you heard about, untight but really loud  
Always drunkest in the room, always sand out in a crowd  
Extremely hostile, non-hygienic, always in your face  
Crowned the kings of bad behavior, masters of disgrace

We're the ones you read about, still living the dream  
Anti-fit, out of shape, won't follow the stream  
True satanic, violent, with an unpolished act  
Well experienced troublemakers, from the wrong side of the tracks

We're unholy, unpleasant, unclassy and drunks  
Unsober, unfriendly, untalented punks  
Unholy, unpleasant, uncaring obscene  
Uneasy, unwelcome, unstable and mean

We're the ones you talk about who never runs from a fight  
Parents call us dangerous but their daughters call every night  
Pure obnoxious non-believers, tons of sex appeal  
Anti-poser, street-fighting, underground ideal
