Dear Geko, I'm writing this letter.
When I'm feeling down you always make me feel better (Grrr)
I listen to your music and it gets me through the weather (Yeah)
And I always message you and you never (Why?!)
I Tweet you but you never re-tweet me! (Never!)
I see you but you never ever see me (You don't!)
So I lost respect, and I lost my head (Yeah)
And I used to love you but now I want you dead (Grr)
I know you probably won't even reply (You Won't!)
Cause I see your pain but you don't see mine (You Don't!)
And I wish that you were humble
I wish I could rely on you every time I scumble (I Wish!)
I'm like you I'm from the same jungle
I know how it feels to hear your belly rumble (Grrr)
I don't really know why I'm trying
Like you really care that I'm sat here cryin'!

So I'm sorry to the fans
I don't mean to blank
I just do the best I can!
