

# Frenemy

Geko

One tape records (they all holla at me)...

I'm here once again  
They all wanna hurt me  
Not everybody friend  
Most a'dem enemy

Frenemy, frenemy  
Frenemy, frenemy, frenemy  
Frenemy, frenemy  
Frenemy, frenemy, frenemy

My father told me don't be scared  
There's nothing out here to fear  
I tell them little fish please beware  
I never ever wanna go there  
And we were raised like lions  
You know this  
Tell my peeps that it's love they don't notice  
We were born on the streets  
It's coldest  
Yeah

If he a enemy or a frenemy  
They all gon get it anyway  
Hoes bellin me  
What you tellin' me?  
Move bitch cause I don't like your energy  
I lost my brain and I need some love  
Try violate bro, I'll wear my glove

I'm here once again  
They all wanna hurt me  
Not everybody friend  
Most a'dem enemy

Frenemy, frenemy  
Frenemy, frenemy, frenemy  
Frenemy, frenemy  
Frenemy, frenemy, frenemy

They say I should go to rehab  
And I say no, no, no  
The liquor got me and I see that but it won't go, go, go  
They fear what they don't understand  
This world got us on remand  
I wake up and pray that things will change  
I love then I lose that's why I'm switching lanes

And you can learn a lesson or two  
You'd be lying if you said this weren't a lesson for you  
You think the way is only yours  
This shit is stressin' me too  
And the feeling got distracted by distressing me boo

I'm here once again,  
They all wanna hurt me

I'm drunk once again  
My life wanna burn me

I'm here once again,  
They all wanna hurt me  
Not everybody friend  
Most of them enemy

Frenemy, frenemy  
Frenemy, frenemy, frenemy  
Frenemy, frenemy  
Frenemy, frenemy, frenemy

I'm here once again,  
They all wanna hurt me  
Not everybody friend  
Most of them enemy

Frenemy, frenemy  
Frenemy, frenemy, frenemy  
Frenemy, frenemy  
Frenemy, frenemy, frenemy
