Geko

(Waiting for my bitch to call me)

Waiting for my bitch to call me  
Cause I'm tipsy and I'm horny  
I can't call first she should be on me  
Shit! Still no call  
Let me call her up  
Let me call her up  
She better not be with Loco  
Let me call her up  
Let me call her up  
She better not be with Loco  
Let me call her

I gave my number to my dargg  
I thought that I was hard  
I thought that I was done with her  
Her pussy got my heart  
I gave her away when I was sober  
Now I'm waved I wanna hold her  
I'm really getting parred, I'm really feeling scarred  
She only like the fame she never really liked my bars  
I think I'm gonna try write some new ones  
And then phone and see what she's on

Really sounded whipped  
Nah fuck this bitch  
Ima catch her slippin' on the road and dash her off a cliff  
Nah I'm lying  
Let me call her up
