

Repeat

Geko

I told that girl to come repeat
Her favourite song is on repeat
She know the type I cannot leave
Kiss her on the cheek, maybe rub her feet (J5)
I told that girl to come repeat (OneTape Records)
Her favourite song is on repeat
She know the type I cannot leave
Kiss her on the cheek, maybe rub her feet

I told that girl to come repeat
Her favourite song is on repeat
She know the type I cannot leave
Kiss her on the cheek, maybe rub her feet
The type of chick she deserve them type of thing that you earn
The type of chick she deserve them type of thing that you earn

At last we can say we at the top
At last like rash we be boiling now
In the rave trap mash fantastico
Work, no gaps, like mad Stevo
You was at the bottom with me, I was fuckin' up
Cupid tried to hit me, baby, I was duckin' love
You really give me everything you could give somethin' of
I didn't know what kind of energy you're rubbin' off

And now I'm here with you
Ain't no fear with you
Everything I shared with you
It made me a pair with you
They say nothing goes how you plan
How you plan, how you plan
Every day my love grows for you, damn
For you, damn, for you

I told that girl to come repeat
Her favourite song is on repeat
She know the type I cannot leave
Kiss her on the cheek, maybe rub her feet
The type of chick she deserve them type of thing that you earn
The type of chick she deserve them type of thing that you earn

My sweet señorita, she a diva
But if I could play any position, I' be your keeper
Don't mean to seem eager, not your ordinary geezer
I get pounds now 'cause I didn't follow, I'm a leader
Beauty and the Beast, really brings me peace
Does the most and says the least
Body so elite
Keep this on repeat, no on can compete
This feeling's bitter-sweet

Yeah my baby, baby, baby too rude, excellently played
Baby keep it cool, is only bad when it's wavy
I've been in Phantom for four days, I pray that I just buzz gate
Listen, baby, when you stepped in
Head spin, I don't even see your bedroom
Bredren lookin' like 2G cah we be coochie

Lookin' like 2G cah we be coochie

I told that girl to come repeat
Her favourite song is on repeat
She know the type I cannot leave
Kiss her on the cheek, maybe rub her feet
The type of chick she deserve them type of thing that you earn
The type of chick she deserve them type of thing that you earn
