

The Note

Geko

Look, 'cause they know that I am realer
Put my mum in a Benz or Beamer
Pockets lookin' greener from the last time that I seen her
I'm lookin' to get meaner, brudda's carryin' the leaner
And my belly's kinda empty tellin' me I need to feed her
'Cause money is the motive, I fink I really need her
I'm waitin' for the days when my video is on Vevo
Forget attention, I'm a money-lovin' seeker
I will never ever stop until the day I meet the reaper
I'm a ghost, runnin' round on my own
Got calls but I CBA answerin' my phone
I want some flippin me time, me on my own
Got all my ex friends tellin' me that I have grown
Uh, Look, 'cause I'm feelin like I'm dead
I'm feelin' like I'm walkin' while the whole worlds on my head
I'm havin' little dreams, while the river is my bed, then I found a little note and it said:

What you sayin' G, look, don't lose faith man
The minute you lose faith, you lose everything
Believe in yourself, 'cause if you doubt yourself you already lost
Keep that fire burnin' keep that soul intense for 'em
Keep doin' what you're doin', don't let nobody change you
'cause only you can do what you need to do to be who you need to be

Yo, all my older brudda's say my brain is bigger than my body
I'm a cocky little shit and I ain't ever sayin' sorry
I'm a make it ASAP, told my Mum no need to worry
'cause I'm workin' just for you, all I want is to stack money
So I'm always in the studio, workin' in the lobby
Music is my money, family, brudda and my hobby
Very soon to blow, nowadays it ain't funny
'cause I see the bills commin' and I really need that money
Look, I wanna blow, but I need to wait
Look, I wanna runaway, but I need to stay
Look, I wanna pass away, but I need to pray
'cause I can't go, I got apologies I need to make
Uh, 'cause I'm feelin' like I'm dead
I'm feelin' like I'm walkin' while the whole worlds on my head
I'm havin' little dreams while the river is my bed
Then I found a little note and it said..
