

Turn Around

Geko

Tell me if you're on it, girl
This is my body irony, girl
(One Tape Records)
She says she knows how to ride on it, mmm
Come sit down on my bonnet, mmm
Stay here, don't get up and leave girl
There's nobody better than me girl
My ting, put your mind on it, mmm
No way you can hide from it, mmm

(She make a man say)...

She make a man say, ah
Oh my, no way
She make a man say, ah
Oh my, no way
She make a man say, ah
Oh my, no way
She make a man say, ah
Oh my, no way

She make a man say ah, ah, ah
She make a man go oh, oh, oh
I want you, I don't want Kelis girl
Are we undercover like police, girl?
Says she knows what I really want (mmm)
You know me, no need to stunt

I'ma take you away if you give me permission
Me and you made a major collision
I can change your life, baby make a decision
Baby, listen (mmm)

Turn around, round, round
Baby turn around, round, round
Rude girl, come, turn around, round, round
Baby come turn around

She make a man say, ah
Oh my, no way
She make a man say, ah
Oh my, no way
She make a man say, ah
Oh my, no way
She make a man say, ah
Oh my, no way

She make a man go mad, I told her turn around
You wanna act like you're not sure
So what you concerned about?
I can see that you're feeling me girl
I want you, as you can see girl
So don't waste time with it (mmm)
But that's if you're fine with it

I'ma show you the way
Give me your attention

You're staying here like you're on detention
I'm rude, girl, I forgot to mention
Imma lift you up, nothin' like benching

Turn around, round, round
Baby turn around, round, round
Rude girl, come, turn around, round, round
Baby come turn around

She make a man say, ah
Oh my, no way
She make a man say, ah
Oh my, no way
She make a man say, ah
Oh my, no way
She make a man say, ah
Oh my, no way

Tell me if you're on it, girl
This is my body irony, girl
She says she knows how to ride on it, mmm
Come sit down on my bonnet, mmm
Stay here, don't get up and leave girl
There's nobody better than me girl
My ting, put your mind on it, mmm
No way you can hide from it, mmm

She make a man say, ah
Oh my, no way
She make a man say, ah
Oh my, no way
She make a man say, ah
Oh my, no way
She make a man say, ah
