

You cowards
Come through
Man up
Come on

Gripping tight to your ego and pride
Is what makes it easy to lie

Diversions from the truth
You manipulate the youth
Gripping nail and tooth
Divert from the truth

Come on
Pull up
Man up

What are you even fighting for?
This call to arms, you incite a futile war
Resolution was never your goal
Inaction is a statement, you reap what you sow
Broken promises and tainted lies
You rewrite the narrative to justify your ties

Come through
Pull up
Man up
Man up
