

## Brought to Light

## Gemini Syndrome

I think I'm going crazy  
Can someone please come  
And save me from myself?

From this Hell  
That I have created a boundary  
And no one has found me yet  
I am to blame  
For the waters that drown me  
I'm so scared

Because I've been  
Trapped in the darkness  
For way too long  
And now it's time for me  
To open my eyes  
I put myself in the trust of the devil's arms  
And now it's time for me  
To enter the light

Insane  
Over and over just trying  
Trying to maintain a costume  
Made for the purpose  
Of hiding from everyone  
Hiding from everything  
Love trust acceptance and family  
I'm so exhausted  
This maze of consciousness  
Brought me to this place  
I need a remedy  
I'm so scared

Because I've been  
Trapped in the darkness  
For way too long  
And now it's time for me  
To open my eyes  
I put myself in the trust of the devil's arms  
And now it's time for me  
To enter the light

There's a sickness inside of me  
Something no one should ever see  
With my last breath  
God  
Please help me

Because I've been  
Trapped in the darkness  
For way too long  
And now it's time for me  
To open my eyes  
I put myself in the trust of the devil's arms  
And now it's time for me  
To enter the light

I think I can see it  
I think I can see it

We will all be brought to light

We will all be brought to light

We will all be brought to light
