Gemini

Uh hun

"To the beat..."

I like that

I like that

"To the beat, y'all..."

Gemini

"To the beat, y'all..."

Steppin' out, so fresh, I'm ready {So fresh}

Valet, take keys to the Chevy {Uh hun}

I'm V.I., but I ain't trippin' on phantom

When he settle with some bitches where the party at {Go ahead}

Yeah

A little drink, a little bombay tab (But watch out)

They say the devil come out with that (But fuck it)

Yeah, the goal is to nob me a dime

But I leave with a seven {Seven}

Eight or nine

Hold up

I like a fine skin tone like cocoa butter

You my tight, come closer, let me touch ya {Touch ya}

Bend over, mama

Shake what you gotta

Side to side, make it wobble {"To the beat, y'all"}

One hand on your hip

Other hand on the trip

Just ridin' up your curves like "Oooh

Shit"

What you wanna do

I ain't through with you, let's have a rendez-vous {"To the beat, y'all"}

Come on {Let's go}

Hey

You wanna back all in it

Nasty, time to get with it

It's Gemini, yeah, I'm back in the club

And can't nobody do it better than us

Yeah

Time to fall back in it {Uh}

Nasty

Time to go get 'em

Where the freaks in the house, let me hear ya scream and shout

Better yet, just pourin' 'em out (Cause I'm gonna get ya)

Bounce, bounce, move ya body 'round

Body rock, til the beat knock

If you fine, and you know it, and you smellin' like some roses

If you ain't scared to show it, then move it {"To the beat..."}

Oh

That's how I like it, girl

Might give you a ticket into Gem's world {That's right}

First class, where you shakin' that ass

And when you slow it on down, it makes it easy to grab

You know

Yeah, you know where you goin'  
Do what you doin', we gon' keep this shit movin'  
Just shake it, shake it  
Shiggy-shake it, shake it  
I wanna see you just shake it, butt naked
