

Crew Love

Gemini

Rainbow is flowing, never this going
Straight to the top, rooftop is glowing
Whole of a cash, join and _ your fast
And there's a whole of a love (2x)
And there's a whole of a love, there's a whole of a love (4x)
There's a whole of a love, there's a whole of a love (4x)

Take your nose off my keyboard
What you bothering me for?
And there's a room full of love
And there's a room full of love, (love)

This ain't no fucking sing-along
So, what you got me singing for?
And there's a room full of love (2x)
