"Livin' lavished, I'm established til the cabbage'll come" --] Slim Thug

I'm in the land of the money, hungry, home of the trill
T-E-X-A-S, bitch, you know what's the deal

See these stars, see these T's, see these (???) jerseys

If we ain't on the map, well shit, just leave it to me

You reppin' yours, motherfucker, shit, I gotta rep mine

I'm with a tee, on my fedi' wild, I'm up in NY

Hey, I ain't got no grill, so don't ask me to smile

You better save that for Cam or that boy Paul Wall

Get it

Texas made, in the Lone Star State

Fuck ya cowboy boots, this Timbos on my feet

Some boys bear the names, I rather rock a white tee

Go against ya dress code and still be V.I.P

Bitch, I'm on my grind, gotta stay up

On it

Peddle to the metal, never let up

Off it

Got love for my fedi, my city love me

If you want it, come and get it, bitch, you know where I be

But I still hurdle any obstacle

Let's move on, time to bring this back home

To the city of the fuckin' giant microphone

Where them hustlers hustle

Where them grinders go grind

Money gets stack up in bundles

When there's demand, you supply

Where them thugs, cause they tussle

And them hoes super fine

That means we knock out grill shit and knock down (Dimes)
