

# No Way Out

Gemini

Something you can't erase  
Somewhere pass us by  
Fixed into space  
I'm gonna lose my mind

No way out

There's no way  
No way out  
No way  
No how

There's no way  
No way out  
No way  
No how

There's no way  
No way out  
No way  
No how

There's no way  
No way out  
Out  
Out  
Out  
Out

Something you can't erase  
Somewhere pass us by  
Fixed into space  
I'm gonna lose my mind

Fixed into space  
I'm gonna lose my mind

No way out

There's no way  
No way out  
No way  
No how

There's no way  
No way out  
No way  
No how

There's no way  
No way out  
No way  
No how

There's no way  
No way out  
Out

Out
