

# Stay Real

Gemini

Baby, baby, baby  
Baby, baby, baby  
Ooh

I could tell you that I love ya  
Tell you that I need ya  
I would just be lying, girl, if I wasn't  
On stage, clockin' dollars, makin' audiences hollar  
Would you still want me in your world  
If I worked a 9-to-5 and had no money  
Brokedown house and my car looked funny  
Would you still come over, cook meals for a player  
Or ride down the street and give a fuck who's there  
Now  
Ooh

You say that you love me, baby  
The way I think drives you so crazy  
I ain't gon' lie  
You be on my mind, I try to keep out  
But you so damn fine

When I tell you that I love you  
There's nobody else like you  
Would you love me back  
And show me that you  
Feel the same, too

I wish I could tell you what you wanna hear  
But I can't lie, I gots to stay real

Cause you and I was meant to be  
Me for you and you for me

Think I was meant for you, ma  
And you was meant for me  
And all of this was destined, you know who I meant to be  
That's why I keep my distance, never get too close  
I love the way we kick it, there can never be more  
I tried it in the past, but it never seemed to last  
Girls came and they went, some never came back  
Blame it on the game, I don't blame on myself  
We can still be homies after all, if nothing else  
Now  
You say that you love me, baby  
The way I think drives you so crazy  
And I can't change the way I feel  
But you gotta know that I'm for real

When I tell you that I love you  
There's nobody else like you  
Would you love me back  
And show me that you  
Feel the same, too

I wish I could tell you what you wanna hear  
But I can't lie, I gots to stay real

Cause you and I was meant to be  
Me for you and you for me

You my homie, lover, friend, no strings attached  
You free, I'm free, let's just keep it like me  
I'm hardly ever even home, shit, I'm always on the go  
Chasin' this paper, surrounded by hoes  
You don't want a man that can give you no attention  
You don't want a man that rap for a livin'  
And you don't want the drama that it all come with  
Or maybe you don't care, tryin' to hit you a lick  
Oh  
I, don't, know, what you want  
From me, girl  
Or should I say  
"I do know  
What you want from me"  
But that's just somethin' that can never be (Oh!)

When I tell you that I love you  
There's nobody else like you  
Would you love me back  
And show me that you  
Feel the same, too

I wish I could tell you what you wanna hear  
But I can't lie, I gots to stay real

Cause you and I was meant to be  
Me for you and you for me

Baby, baby, baby  
Baby, baby, baby  
Oooh

I wish I could tell you what you wanna hear  
But I can't lie, I gots to stay real  
But I can't lie, I gots to stay real

Baby, baby, baby  
Baby, baby, baby

But I can't lie, I gots to stay real

Baby, baby, baby  
Baby, baby, baby
