

The Turnaround

Gemini

Raise my head against your soul
Pick me up before you go
When the corners of my mind turn dark
Kiss me when the light go out
Pick my brain, it's beautiful
The silence is so fruitful
When the corners of my mind turn dark
Kiss me when the light go out

Set your eyes on the setting sun
This is the turnaround, turnaround
May your mind be forever young
This is the turnaround, turnaround
Yeah, yeah, yeah, yeah, yeah, yeah, yeah
This is the turnaround, turnaround

Place a hand upon my skin
Find yourself inside your sins
When the water in the lake turns dark
Kiss me when the light go out
Walk the line beneath the bridge
Close the gap, just you and me
And if the mirror of my mind turns dark
Kiss me when the light go out

Set your eyes on the setting sun
This is the turnaround, turnaround
May your mind be forever young
This is the turnaround, turnaround
Yeah, yeah, yeah, yeah, yeah, yeah, yeah
This is the turnaround, turnaround
Yeah, yeah, yeah, yeah, yeah, yeah, yeah
This is the turnaround, turnaround
