

Ghost

Gemma Hayes

in a grey subway station
she came out of nowhere
she said her name was rosanna,
a great disco dancer
all the pretty boys loved her
no regrets

this is what i see
this is what i believe in.

he mistook me for someone else
he knew from his old school days
a girl he left waiting
in a grey subway station
he walked away slowly from me

this is what i see
this is what i believe in

the rain it was rushing
the people were pouring by

this is what i see
this is what i believe in
