

Let Me Cry on Your Shoulder

Gene Autry

Let me cry on your shoulder
It's the least that you could do
I gave you my heart
'Though I knew from the start
I could never win with you

Let me cry on your shoulder
For a dream that's turned out wrong
I know that I've been someone just filling in
Until your real love came along

Let me cry on your shoulder
It's the least that you could do
I gave you my heart
'Though I knew from the start
I could never win with you

Let me cry on your shoulder
For a dream that's turned out wrong
I know that I've been someone just filling in
Until your real love came along
