

# Stay Away From My Chicken House

Gene Autry

I don't mind telling this whole wide world  
Someone's doin' me wrong  
I don't be able to catch on yet  
But they gonna get catched for long  
Now whoever this someone may be  
Take a little tip from me  
Stay away from my chicken house, boys  
If you figure your life's worthwhile  
Stay away from my chicken house, boys  
Or I cut you down Mexican style  
I got a long keen raiser  
A bulldog too  
You'll never look like nothing  
When I get through with you  
Now you're not invisible as still as a mouse  
So stay away from my chicken house, I mean it  
So stay away from my chicken house!  
(Yodelahee)  
You stole my horse, you stole my cow  
You took hay from my barn  
You killed my hogs for meat last fall  
You even stole my corn  
Now for all of this, boys  
I won't complain  
But I'm sticking with them chicken  
Through sunshine and rain
