

Nothing Can Stop Me

Gene Chandler

Nothing can stop me
So bad, do I feel inside
Get my hat, I`m checkin` out
`Cause you and your friends really hurt my pride
So unexpected you shot me down
With all the fella`s standing around yeah
`Please don`t go`, that`s what they`ll be saying
`Please don`t go`, But I`m not playing
`Cause nothing can stop me

(Yeah yeah yeah)
(Yeah yeah yeah yeah yeah)

Nothing can stop me
Though you and I where pretty close
I`m calling it quits girl
`Cause it was you I really dug the most
You made me feel like I was two feet tall
While all the others laughed and squalled yeah
`Please don`t go`, that`s what they`ll be saying
`Please don`t go`, But I`m not playing
`Cause nothing can stop me

Don`t mind me havin` the blues
You made me loose my cool
Fella`s honestly
You treat me so cold and you`re so mean

Nothing can stop me
So bad, do I feel inside
Get my hat, I`m checkin` out
`Cause you and your friends really hurt my pride
So unexpected you shot me down
With all the fella`s standing around yeah
`Please don`t go`, that`s what they`ll be saying
`Please don`t go`, But I`m not playing
`Cause nothing can stop me

(Yeah yeah yeah)
(Yeah yeah yeah yeah yeah)
(Yeah yeah)
(yeah yeah)
