

## Boston

Gene Clark

Spoke to my girl on the phone t'other day  
She said she wish I'd come there right away  
In Boston Massachusetts where she lives  
Got to get there for the love she gives

Catch a plane and soon I will be gone  
And I'll be in her arms before too long  
In Boston Massachusetts she'll be there  
And we'll be together everywhere

You see I'm leaving cause I'm sad  
Got a girl and I want to see her bad  
You see I'm not leaving 'cause of you  
I just can't stand to sit here feeling blue

Can't go on when I don't like this town  
I feel so bad not having her around  
In Boston Massachusetts where she lives  
Got to get there for the love she gives
