

American Dreamer

Gene Loves Jezebel

We came from Asia
Our promise in our hand
We had to go to find this land
now I'm falling
I'm spinning round and round I go
oh oh oh

American Dreamer
Dream on
We're like conquistadors
new found land
Stealing gold and silver
from the Indian man
Oh American Dreamer
Dream on
I'm kinda dizzy
It feels pretty good up here
Rising with the sun
So warm so right
So well formed so nice
So beautiful
Oh, American Dreamer
Oh, American Dreamer
