Gene Loves Jezebel

Now you must tell me how it's been  
For I have walked alone  
The narrow winding way  
You'd better hurry, your time is now  
What was that worry  
It's warm, it's warm, it's warm inside  
It's warm, it's warm here in my heart  
When you're all done dustin'  
Crumble within me  
Please lay me to waste  
You'd better hurry, your time is now  
What was that worry  
It's warm, it's warm, it's warm inside  
It's warm, it's warm here in my heart  
When will I see you?  
When will you appear?  
When will you return?

When will it be here?  
I will never forget you  
I'll never forget you  
Oooh, I'll never forget you  
The boys and girls are all here  
Sister Suzie is asking for the sun  
You'd better hurry, your time is now  
What was that worry  
It's warm, it's warm, it's warm inside  
It's warm, it's warm here in my heart  
When will I see you?  
When will you appear?  
When will you return?  
When will it be here?  
When will I see you?  
When will you appear?  
When will you return?  
When will it be here?
