

Message

Gene Loves Jezebel

Something in the air tonight
I've just got to go out

You've got imagination
You take it too far
That's your obsession
It gets out of hand

Got a message for you
Gotta get it through
Got a message for you
Gotta get it through

Oh, wait a minute

Can't you feel the tension
It's here tonight
It's in the conversation
Beware tonight

Got a message for you
Gotta get it through
Got a message for you
Gotta get it through

I like it like that

You're my obsession
You got imagination
It gets out of hand
It gets out of hand

It will feel so good
Got a message for you
Gonna feel so fine
Gotta get it through
Gonna feel so good
Got a message for you
Gonna feel so fine
Get it, get it, get it
Get it, get it, get it

Got a message for you
Gotta get it through
Got a message for you
Gotta get it through...
