

# Scheming

Gene Loves Jezebel

And why you smolder away  
And why you weeping so

Swore to me that you'd be there  
I thought that you \_\_\_\_\_

I'll lick my wounds, I'll lick again  
Did not mean to be emotional

Why?

The blues have come, let's cut them  
The reds must rise  
?\_\_\_\_\_? cut right through you  
This pledge is not hollow

Yeah, scheming

We touch, destroy, we feel the joy we're in ecstasy

Those eyes that spark, they shine so bright for we

Love we lost is the love we leave in our ecstasy  
We touch, destroy, we feel the joy, it's meant for we

Cannot keep him down  
Down

Why you always weepin'?  
Why you always screamin'?  
Why you never touch me?  
What, so emotional?

Talk to me and walk away  
Walk with me and fought again  
Did not mean to be emotional  
Did not mean to go away

Swore to me that you'd be there  
Boxed my ears and said I know  
Swore to me that you could share  
Did not mean to be emotional

Why you always screamin'  
Why you always weepin'  
I could not believe  
No  
Can not believe  
No  
No hope  
No home  
No more  
No home  
No ?\_\_\_\_\_?  
No home
