

Upstairs

Gene Loves Jezebel

Upstairs a voice is calling
Must be Mother
Holding me so tenderly
Obviously my lover

Right from the start
She's touching me with
Ecstatically, luminary grace
She's got it

Yeah, yeah here's my heart
Yeah, yeah here's my heart

Momma calls me a name
She calls me the queen
A friend to hold me
A friend to please me
Queen
I see it

Who needs poison girls
Who needs poison girls
I got my Mother
I've got my Mother
We go huh!
We go huh!
I go huh!
We go huh!
HUH!!
