

Look What You Gone And Done To Me

Gene Vincent

Well, look a-here baby, what you gone and done to me
Aah, look a-here honey, what you gone and done to me
Well, you taught me to love you
And now you wanna set me free

You made eyes at me, taught me to care
You told me to meet you, well a you wasn't there
I caught you dancing with a son of a cat
I can't see baby why you treat me like that

Well now, look a-here baby, what you gone and done to me
Well, you taught me to love you
And now you wanna set me free

Well now, look a-here baby, what you gone and done to me
Well, you taught me to love you
And now you wanna set me free

Well, look a-here baby, what you gone and done to me
Aah, look a-here honey, what you gone and done to me
Well, you taught me to love you
And now you wanna set me free
