

# You Better Believe

Gene Vincent

There's a right way of thinking  
A wrong way too  
I got one way of thinking  
Honey that's about you  
You better believe  
What I'm saying to you  
I don't want to goof  
That's why I'm telling you the truth  
Believe, believe  
Believe, believe  
Rock!

I find it hard to find a way  
To win your heart  
I know to try it harder  
To play it smart  
You better believe  
What I'm saying to you  
I'd give up my style  
Just to see you smile  
Believe, believe  
Believe, believe  
Rock!

You better believe  
What I'm saying to you  
'Cause if you turn me down  
I'm afraid we're through  
So give me a chance  
Making more than a glance  
Believe, believe  
Believe, believe...
