

I Didn't Think of You At All

Gene Watson

I wouldn't say you're always on my mind
I don't lie awake and want you all the time
And though I couldn't sleep tonight, I wasn't staring at the wall
And for a minute there, I didn't think of you at all

I'll bet you think that I'm not over you
But I swear that I don't miss you like I used to
I wasn't sitting here tonight trying not to call
And until I did, I didn't think of you at all

For a minute there, I'm sure you slipped my mind
And there must have been at least one time I didn't wish that you were mine
And in between every tear you caused to fall
There was a little while I didn't think of you at all
For just a little while, I didn't think of you at all
