

I'll Keep Holding Your Memory

Gene Watson

Lately I've been hearin' rumors
That you found somebody new
Though we called it quits long ago
I'm still in love with you

Then in yesterday's paper
I found the rumors were true
Now I'm holding your memories
And he's holding you

And I'm sure sometimes you wonder
And I sometimes wonder too
If you'll ever find yourself thinkin' of me
When he's holding you

I'll get over you someday
But until the day I do
I'll be holding your memories
While he's holding you

And I'm sure sometimes you wonder
And I sometimes wonder too
If you'll ever find yourself thinkin' of me
When he's holding you

I'll get over you someday
But until the day I do
I'll be holding your memories
While he's holding you
I'll be holding your memories
While he's holding you
