

# Simple Minded Heart

Gene Watson

She still believes in fairytales and the man in the moon  
She still wishes on falling stars, believing they'll come true  
She believes in four-leaf clovers and wearing daisy chains  
Searching for a rainbow every time it rains

She's got a simple-minded heart  
She gives me love that I cannot understand  
Simple-minded heart  
She makes me feel just like a child again  
With carousels, cotton candy and wishing wells  
My baby's got a simple-minded heart

She's like a kid in a candy store  
When she's lying next to me  
Her eyes light up when I hold her close  
She's so easy to please

She's got a simple-minded heart  
She gives me love that I cannot understand  
Simple-minded heart  
She makes me feel just like a child again  
With carousels, cotton candy and wishing wells  
My baby's got a simple-minded heart
