

Texas Saturday Night

Gene Watson

Tennessee whiskey, California wine
Milwaukee brings a six pack to my mind
A lone star woman makes it right
That's what you need for a Texas Saturday night

And it's hi diddle diddle and a Texas fiddle
And we might jump over the moon
Talk about living in a cowboy paradise
Don't be surprised if tequila sunrise
Don't roll around 'til noon
That's how it is on a Texas Saturday night

T for Texas M for me
Me's for knowing where I'm gonna be
If you believe in neon lights
You're gonna love a Texas Saturday night

And it's hi diddle diddle and a Texas fiddle
And we might jump over the moon
Talk about living in a cowboy paradise
Don't be surprised if tequila sunrise
Don't roll around 'til noon
That's how it is on a Texas Saturday night

And it's hi diddle diddle and a Texas fiddle
And we might jump over the moon
Talk about living in a cowboy paradise
Don't be surprised if tequila sunrise
Don't roll around 'til noon
That's how it is on a Texas Saturday night
