

Where I'm Concerned

Gene Watson

Well, I appreciate your call, no, I hardly miss her at all
Where she's concerned, I'm not concerned
I enjoy being alone, wasn't waiting by the phone
Thanks for your concern where I'm concerned

Don't miss her lingerie or sweet-smelling perfumes
Now there's more closet space here than I'll ever use
Got extra pillows for my head, so what if I don't sleep in our
bed?
Where I'm concerned, don't be concerned

Say you've seen her with somebody new? I'll bet that was a shock
for you
Where he's concerned, I'm not concerned
Tell me, did she ask about me? No? Well, what a relief
Where I'm concerned, she's not concerned

I don't miss her lingerie or sweet-smelling perfumes
There's more closet space here than I'll ever use
Got extra pillows for my head, so what if I don't sleep in our
bed?
Where I'm concerned, don't be concerned
Where I'm concerned, don't be concerned
