

# You Can't Take It with You When You Go

Gene Watson

I got a friend who's a workaholic, he never knows when to quit  
Well, Me, I knock off early every chance I get  
He's got an I.R.A. for a rainy day but I wonder if he knows  
That you can't take it with you when you go

While I'm out somewhere fishin', you bet he's workin' hard  
My little boat's in the water, his big boat sits in the yard  
And while I'm makin' time with that gal of mine  
His love life's on hold, you can't take it with you when you go

You can't take it with you when you go  
You better take some time to live and love before you get too o  
ld  
All the treasures in this world don't mean a thing when they la  
y you low  
'Cause you can't take it with you when you go

Now hard work it's a virtue and there's nothin' wrong with that  
I ain't afraid to pull my weight but I ain't gonna break my bac  
k  
I ain't worried about my bank account, just let the good times  
roll  
You can't take it with you when you go

You can't take it with you when you go  
You better take some time to live and love before you get to ol  
d  
All the treasures in this world don't mean a thing when they la  
y you low  
'Cause you can't take it with you when you go

All the treasures in this world don't mean a thing when they la  
y you low  
'Cause you can't take it with you when you go...
