

You

Gene

I'd like to thank you for your love
For I'm a man that needs so much
And so I thank God there's an us.
First time in a long while I'm alive.

I'd like to thank you for your time
You had an easier course to steer
But you chose to end it here
First time in a long while i've been
Feeling, feeling up.
Feeling, feeling up.
All I can do is give my life to you.

Can I thank you for your touch?
For I'm as shallow as they come
And will this magic run and run
First time in a long while i've been
Feeling, feeling up.
Feeling, feeling up.
All I can do is give my life to you.

It's you
For being on my side
Your heart wide as the sea
Someone to hold me, and help me
It's you
For being on my side
Your heart wide as the sea
Someone to hold me, and help me

You.
For pulling me through
I never knew the sky was blue
But thirty years of storm clouds cleared for you.
It's you I came to.
I know that the sea had its eyes on me,
But if dolphins swim, well damn then so can you

For dragging me through
I never knew the sky was blue
But thirty years of storm clouds cleared for you.
It's you I came to.
I know that the sea had its eyes on me,
But if dolphins swim, well damn then so can we.
