Dirt Diamond

Generationals

How could you be so cold, Eleanor?
Why don't you ring us up anymore?
Where you been? I come whistlin' in
And I don't turn around

They say I wish you don't stay so long
I'm gonna need someone to rest my shoulder on
How can you say that it wasn't worth doing?
Hey now, don't turn around

Are you okay, dirt diamond?
Take me away, dirt diamond

How can you be so rich, talk so much shit?
I saw you get so stressed over it
I know you play along, I remember the song
Hey now, don't turn around

They say I wish you don't stay so long
I'm gonna need someone to rest my shoulder on
How can you say that's another one down?
Hey now, don't turn around

Are you okay, dirt diamond?
Take me away, dirt diamond

Are you okay, dirt diamond?
Take me away, dirt diamond
Lost in LA, dirt diamond
Take me away, dirt diamond
