Generationals

You don't see me, you say you want them to
They stop and don't turn the things you've all been through
They saw most of it, what did they take you for?
They never wanted. They want you more
They do it all the time
They put it in your head
They kept them all in line
Oh, it's over

They don't listen. You say you're coming back
They finally lost it. They never think of that
You saw most of it, What do they take you for
They never wondered
They do it all the time
They put it in your head
They kept them all in line
Oh, it's over

It's like a sinking stone
Don't wait for what comes after
You think you're on your own
Don't wait for my reaction
You're gonna take that back
It's all they want from you
You're gonna take that back
No matter what you do
