

Radar Man

Generationals

I'll not stop tomorrow on the way again
That's just the worst that I've ever been
Might survive but I'll never win
Is it just the world that we're living in?

It's just I feel so cheated
Takin' up time that I needed
Most of us trying to begin again
This is just the world that we're living in

(This is just the world that we're living in)
(This is just the world that we're living in)

I stopped believing
The third time around
You stopped delivering
To my side of town

Some days you freeze, some you're fever
I never do much of either
No use in saying what it could've been
This is just the world that we're living in

(This is just the world that we're living in)
(This is just the world that we're living in)
