

Freak Boy

Genesis Owusu

Cosmic dread, I got a fistful
If ignorance is bliss then I'm tryna stay blissful
I know you wanna
I know you wanna
I know you wanna
I know you wanna
Overboard, we got a man alive
A fucker-free life, that's just something that I fantasise
I know you wanna
I know you wanna
I know you wanna
I know you wanna

Don't wanna turn out just like you
Hating everything that you do
I hope I figure out a thing or two

Don't wanna turn out just like you
The world's a big place to move
I hope I figure out a thing or two
Roach, keep running! Keep running!)

I'm a roach, I'm a freak boy (Freak boy)
I saw the world burn, but I smile, this is freak joy
I know you wanna
I know you wanna
I know you wanna
I know you wanna
It feels scary but you gotta get your head out the sand
I know you freaky but you gotta keep your sh in your pants
Unless you wanna (Ah)
Unless you wanna (Ah)
Unless you wanna (Ah)
Unless you wanna (Ah)

Don't wanna turn out just like you
Hating everything that you do
I hope I figure out a thing or two

Don't wanna turn out just like you
The world's a big place to move
I hope I figure out a thing or two
(Roach, keep running! Keep running)

Roach, roach
Why you hiding in your clothes?
Roach, roach
See the world is at your toes
Roach, roach
Why you hiding in your clothes?
Roach, roach
Keep running, keep running!

Roach, roach
Why you hiding in your clothes?
Roach, roach
See the world is at your toes

Roach, roach
Why you hiding in your clothes?
Roach, roach
Keep running, keep running
