

Sideways

Genesis Owusu

You go your side, your side, your side
I go my side, my side, my side
You go your side, your side, your side
I go my side, my side, my side

My ego stay by my side, my side
Your eyes can stay by your side, your side
My heart don't stay by my side, my side
Your hate just stay by your side, your side

You go your side, your side, your side
I go my side, my side, my side
You go your side, your side, your side
I go my side, my side, my side

Onyame, gye me, gye me oh
Onyame, gye me, gye me oh
Onyame, gye me, gye me oh

You go your side, your side, your side
I go my side, my side, my side
You go your side, your side, your side
I go my side, my side, my side

Onyame, gye me, gye me oh
Onyame, gye me, gye me oh
Onyame, gye me, gye me oh
