

That's Life (A Swamp)

Genesis Owusu

Pull my sins away, I know it ain't right
Steal my lonely soul from out the daylight
Pay me with my blood, my loving ain't free
Bind me with your tongue, my sabretooth leash

I said, baby, baby, baby, it's not about me
I said, baby, baby, baby, it's not about me

Weld me to the floor, I've seen enough sky
Numb me, child, I love the flavour of lies
Paint me, artisan, the colour of sleaze
Puncture me with holes, the boy becomes breeze

I said, baby, baby, baby, it's not about me
I said, baby, baby, baby, it's not about me
I said, baby, baby, baby, it's not about me
I said, baby, baby, baby, it's not about me

Watch out! Watch out!
Put the love and the drugs in the bag
Watch out! Watch out!
Put the love and the drugs in the bag
Watch out! Watch out!
Put the love and the drugs in the bag
(I can't tell you about me, watch out, watch out)
Watch out! Watch out!
Put the love and the drugs in the bag
(Watch out!)

My arms are tired from carrying the weight of your shit
Tryna travel light, but the baggage round your waist is a bit
Oh oh oh yeah
My arms are tired from carrying the weight of your shit
Tryna travel light, but the baggage round your waist is a bit
Said who are you but everything absurdity and chaos brings
That's you, you
Oh, that's you
You bury me with all your doubt
A stream of hate comes out your mouth
That's you, yeah
Oh, that's you
My arms are tired from carrying the weight of your shit
Tryna travel light, but the baggage round your waist is a bit
Oh oh oh yeah
My arms are tired from carrying the weight of your shit
Tryna travel light, but the baggage round your waist is a bit
Oh oh oh yeah
Oh oh oh yeah
Oh oh oh yeah
Oh oh oh yeah
