Intro: **Eadd9 Cadd9 Eadd9 Cadd9 A F G**

Eadd9 Cadd9
1. A little piece of something
Eadd9 Cadd9
Falling gently down, down, down
Eadd9 Cadd9 A (F,G)
No-one understands you like I do

I'd rather be beside you
Everything we know so well
Tell me what you feel now
Show me what you think of it

(G) E H D
R: It's not about us anymore
A G F C
It's all about the reasons that we think we're fighting for
G E G H E (G)
It's not about hate, it's not about pain we always feel
A H E
I know we have our problems but we're not the only ones
C A E
It's not about you, it's not about me
C A H F
It's not about anger, it's more about the loneliness we feel

2. How can I begin to ask for some forgiveness
For all that we have taken
There's nothing left now

Just a little piece of something
Falling gently down, down, down
No-one understands you no, no
Like I do
There's nothing left now

R: It's not about us anymore...

3. It's not about us
It's not about hate
It's more about the loneliness
we feel, can you feel it

It's not about anger
It's not about wanting
I know we have our problems
But we're not the only ones, we're not the only ones
Eadd9 Cadd9
It's not about you, it's not about me...
