Snowbound

Genesis

```
C/D           Csus2          D/G      G
Lay your body down upon the midnight snow,
C/D             Csus2           D/G    G
Feel the cold of winter in your hair
Cmaj7                    Em9(no5)
Here in a world of your own,
Bmaj7
In a casing that's grown
Am7          Bmaj7
To a children's delight
Am7      C/D
That arrived overnight

And here they come to play their magic games
Carving names upon your frozen hand.
Here, in a world of your own,
Like a sleeper whose eyes
Sees the pain with surprise
Am7
As it smothers your cries
A7
They'll never, never know.

Cadd9          Bmadd13
Hey there's a Snowman
Cadd9            Bmadd13
Hey, Hey what a Snowman
Dmaj7        Amaj7  Amaj7
Pray for the Snowman
Dmaj7 Dmaj7      Amaj7   Amaj7
Ooh,  Ooh what a Snowman
F              C
They say a snow year's a good year
Bmaj7          Am7                    C/D
Filled with the love of all who lie so deep

Smiling faces tear your body to the ground
Covered red that only we can see.
Here in a ball that they made
From the snow on the ground,
See it rolling away
Wild eyes to the sky
They'll never, never know

Hey there's a Snowman
Hey what a Snowman
Pray for the Snowman
Ooh, Ooh what a Snowman
They say a snow year's a good year
A7(instead of C/D in 1st chorus)
Filled with the love of all who lie so deep

Hey there goes the Snowman
Hey,hey there what a Snowman
Hey there lies the Snowman
Hey he was a Snowman
They say a snow year's a good year
```

Filled with the love of all who lie so deep

Hey,there goes the snowman
Hey,hey there what a snowman...
