Gengahr

Fantasy vision at large to go
Praise to God praise to God just so
Fantasy up in your arms I go
All mirage all mirage just so

Consider yourself complete enough
Generous when we're all defined
The relevance of the weak is now in grave decline
Familiarise the heart in terms of us and them
For kinder ways to mine yourself

Fantasy vision at large to go
Wave to God wave to God just so
Fantasy up in your arms I go
All mirage all mirage just so
Fantasy vision at large to go
Wait for God wait for God just so
Fantasy up in your arms I go
All stars what ever your habits
