Gentle Bones

Late nights around you and in my house  
Doing the things that we couldn't till now  
There's more to the story but that's all I can say  
These conversations without no sound, yeah  
Damn, it's scary, what you know

I love it when you put your body on my body  
If it's something you still wanna do  
Loving how you hold me  
When there's nothing else we have to do  
It's true, it's true, I know I want you  
It's true, it's true, I know I want you

Dreams are coming true  
Your body on my body that I choose  
Dreams are coming true  
Your body on my body that I choose  
Feelings I'm avoiding, thought that would be helping me  
But I'm getting it quick now, taking it in now

'Cause it gets confusing on cloud nine  
You know me so you push it at the right time  
Now it's nothing new, miracles on queue  
Just pillow talking too

I love it when you put your body on my body  
If it's something you still wanna do  
Loving how you hold me  
When there's nothing else we have to do  
It's true, it's true, I know I want you  
It's true, it's true, I know I want you

Now it's nearing half past two  
And you've got your alarms, they're set for noon  
But say that you've got tomorrow free  
Let's make L-O-V-E
