

What Are We Doing?

Gentle Bones

My oh my, when you look at me
I feel the butterflies or is it just my anxiety?

Time goes by, you're still in my dreams
Staying up late at night, I'm trying my best to fall asleep

But we
Never thought that this would be the chorus
So how do I sing it?
Something I can't bring myself to finish

'Cause you're really not sure, I'm hesitating
Do we even know what we're doing?
Using these words to compensate when
We don't even know what we're doing

Love's disguised as company
Is anyone ever right, never the same reality

My oh my, you're still in my dreams
But you're with some other guy, as long as you're happy

But we
Never thought that this would be the chorus
So how do I sing it?
Something I can't bring myself to finish

'Cause you're really not sure I'm hesitating
Do we even know what we're doing?
Using these words to compensate when
We don't even know what we're doing

Really not sure if this is what love is
Do we even know where we're going?
Using these words forever and always
We don't even know what we're

You, my dear, you were all I ever needed, my dear
You, my dear, you were all I ever wanted, my dear

But what are we doing?

'Cause you're really not sure I'm hesitating
Do we even know what we're doing?
Using these words to compensate when
We don't even know what we're doing

You, my dear, you were all I ever wanted, my dear
We don't even know what we're doing
You, my dear, you were all I ever needed, my dear
We don't even know what we're doing
