

Ina Different Time

Gentleman

And so we meet again ina different time
And place don't be dismayed
Your crime has been comitted
And so we meet again ina different time
And place don't be dismayed
Your crime has already been comitted

Uno run come ya
Dem a bwoy a gwaan, like a dem a run down ya
Pier big machine dem a use and gun ya
Police badman and soldier want dun ya
Daddy Rings come ya

When we come bun ya
Certain dutty things what certain bwoy tek fi fun ya
Wake up everday and blood still a run down ya
Rich man have it all and poor people have none ya
Beat kette drum ya down ya

So we meet again ina different time
And place don't be dismayed
Your crime has already been dismayed

All you top a top
When you wake up everyday a more shotter drop
And we sending out a message to the killer-cop
Before you take another life I beg you check your fact
Make sure a two holes you dig when you a set your trap

Ya, ya, hear me now and chant!
Now you come fi weak the crab
Everything you take already we ago take it back
You say you come fi hold ya medi, but your medi flop
But dem dun dead already, seh, when da tune ya a drop, Jahmali...

Mama Africa...
So we meet again ina different time
And place don't be dismayed
Your crime has already been comitted

Gotta move one a way, one a way...
Every day you gotta pray, hey...

Nuff a dem a talk 'bout dem badman things
But anytime we come, we come with good tidings
This is Gentleman and the one Daddy Rings
Sealing up the trinity Jahmali a sing, oh...

Cause we meet again ina different time
And place don't be dismayed
Your crime has already been comitted
So we meet again ina different time
And place don't be dismayed
Your crime has already been comitted

When we throw dem overboard
Cause we see say nuff a dem nuh really know the code

And to be a victim I really can't afford
In this time and this ages Ras Tafari is the most

One a way, every day
Gotta pray, just to stay, one a way...
